

RD Certificate Number: EW482B

Glazpart Ltd – Standard Vents 2000 and 4000

Description

The Standard Ventilator will provide Trickle Ventilation in accordance with the Building Regulations 2000: Approved Document F1 October 2010. The product is specifically designed for "Through Profile" applications using a 12.5 mm routed slot, and is available in two sizes.

The product consists of an internal ventilator with adjustable closures to regulate incoming air flow and an external canopy or an integral fly screen is available. A flat exterior grille is also available for use on patio doors. Units are screwed into position using self-drilling fixings. Plastic screw covers are supplied.

Scope of Registration

Due to space limitations, the Registered Detail certificate should be consulted for the full scope of this registration.

Validity

This system has been checked for compliance in accordance with English and Welsh Building Regulations.

Registration was first issued on 1st September 2014 and is valid until 1st September 2018 providing there are no amendments to applicable regulations.

Issue dated 02/09/2017
