

ENVIRONMENTAL POLICY

It is the policy of the Glazpart Group and Hanley Precision Tools to provide and maintain environmental working conditions, which are safe and without risk to the health of employees, the community at large and the natural habitat by ;

- Providing and maintaining environmentally safe equipment, materials and systems of work in the workplace.
- Controlling the use of hazardous substances, the emission of noise, air and water pollutants and the discharge of toxic or obnoxious waste.
- Implementing environmentally safe practices and procedures in connection with the use, handling, storage, transport and disposal of articles and substances.
- Providing information, instruction and training for employees to enable them to understand their responsibilities in the workplace.
- Ensuring that adequate resources are available to enable effective environmental measures to be taken in respect of articles and substances designed, manufactured, imported or supplied for use at work.
- Developing, implementing and reviewing policies and procedures to develop environmental conditions, which are without risk to the wellbeing of the workforce, the local community or the natural habitat and fully compliant with all regulatory requirements.
